

# County of Fairfax, Virginia

To protect and enrich the quality of life for the people, neighborhoods and diverse communities of Fairfax County

December 16, 2016

Reference: Resident Notification  
Difficult Run Force Main Rehabilitation  
Project No. WW-000008-003

Dear Property Owner:

The Fairfax County Department of Public Works and Environmental Services is in the process of rehabilitating the Difficult Run Pump Station (DRPS), located at 9950 Colvin Run Road in Great Falls, and the associated 5-mile Difficult Run Force Main (DRFM) sewer which serves the pump station. You are receiving this letter because a portion of the DRFM project is taking place near your property, in the Tanglewood Community Association parkland area, with construction access from Rhapsody Drive. You will see construction activity occurring intermittently in this area starting around January 17, 2017 and ending in April 2017. Please take care when you are in this area, particularly when construction activity is in progress.

If you have any questions regarding the construction of this project, please contact me at 703-324-5822 or [j.royse@fairfaxcounty.gov](mailto:j.royse@fairfaxcounty.gov). If I am unavailable, please contact Matt Doyle at 571-230-8269 or [matthew.doyle2@fairfaxcounty.gov](mailto:matthew.doyle2@fairfaxcounty.gov). Thank you for your patience and understanding.

Sincerely,

J. Andrew Royse, Project Manager  
Wastewater Design and Construction Division
